TERMS OF REFERENCE FOR ENGAGEMENT OF CONSULTANT FOR ENVIRONMENTAL SAFEGUARD ASPECTS

A. Project Background

Assam Intra-State Transmission System Enhancement Project (AISTSEP) is an externally aided project funded by AIIB.

B. The objective of this Investment Program is

1. Strengthen power transmission capacity to deliver reliable and affordable electricity
2. Improve access to electricity through grid electricity.
3. Enhance efficiency and quality of power supply.
4. Ensure financial health of the power sector through continued power sector reform

The Project is expected to promote sustainable state electricity sector with increased transmission capacity to support inclusive and low carbon economic growth. The outcome of the investment program is enhanced quality and expanded service delivery of clean electricity in Assam through improved technical, commercial and financial performance and capability of the Assam Electricity Grid Corporation Ltd. (AEGCL).

A fulltime Project Director is established with responsibility for the day-to-day coordination and administration of the sub- projects. More information about the project may be accessed from AEGCL's, official website www.aegcl.co.in. Project Management Consultancy (PMC) firm is also appointed to assist AEGCL for smooth functioning, monitoring and management of the project

As AEGCL is entrusted with the overall responsibility for the execution of the Investment Program and subprojects, it will also function as the Implementing Agency (IA) responsible for the day-to day project implementation of the subprojects.

C. Purpose of Advertisement

In order to accomplish the above, AEGCL intends to engage 1 no. (one) Environmental consultant purely on contractual basis.

D. Objectives of the Assignment & Scope of Position

The Consultant will be responsible for overall smooth implementation and monitoring of all the Environmental aspects as stipulated in the Environmental & Social Management Planning Framework (ESMPF)', Environmental and Social Impact Assessment (ESIA), Environmental and Social Management Plan (EMP), Environmental and Social Monitoring Plan (ESMP), Contractor's Environmental and Social Management Plan (CESMP), Health Safety Environmental and Social Management Plan (HSE&SMP) etc. in line with the Environmental and Social policy and framework of the Asian Infrastructure investment Bank (AIIB)².

E. Key Job Responsibilities include the following:

- a. Provide technical inputs on environmental aspects of interventions being undertaken in the project funded by AIIB.
- b. To advise and assist AEGCL in mitigating environmental issue as per the ESS-1, ESS-2 and ESS-3 safeguard policies of Asian Infrastructure Investment Bank (AIIB), prevailing norms of the Govt. of Assam, Govt. of India as well.
- c. Review the ESMPF report prepared for the project to understand the background, environmental issues proposed project activities, mitigation and monitoring requirement of the Project.
- d. Responsible for review & preparation of contractor's Environmental and Social Management Plan report (CESMP) for sub-projects under AIIB, revision and updating of CESMP report prepared by EPC etc.
